

“E-Commerce & Crypto Currency, Cyber Security, Cyber Crime, Online Privacy and Protection of Personal Information”

In today's electronic and digital world our laws have had to evolve to cater for electronic transaction. The use of data messages in e-commerce and crypto currency raises the question as to whether the personal data of data subjects is kept private, safe and secure in the cyber space. Whether you are at the office or at home we use electronic gadget to socialise online or buying goods or services on the internet has become a one-stop shop to procure and purchase all needs of cyber citizens. In light to cyber security breaches and cyber criminality it is important to have the correct knowledge to handle any threats. These are just a few topics that our expert speakers will speak, lecture, elaborate and advise on.
